Objective

Motivated and detail-oriented Computer Science graduate with foundational knowledge in Java, Python, and SQL, now expanding expertise to AWS cloud technologies and Salesforce. Enthusiastic to apply programming skills in a dynamic environment, contribute to real-world software development, and continuously learn emerging technologies to grow as a proficient software engineer. Passionate about building scalable and innovative solutions, with hands-on experience in projects using Java, and cloud technologies.

Education

- Lakshmi Narain College of Technology - B. Tech in Computer Science (AIDS), Bhopal, MP | 2022 - Present
- Macro Vision Academy - HSC, Burhanpur, MP | 2020 - 2022 | 70.2%
- Macro Vision Academy - SSC, Burhanpur, MP | 2018 - 2022 | 85.6%

Skills

- Programming Languages: Java (Moderate), JavaScript, Python (Basic)
- Web Technologies: HTML, CSS, XML
- Frameworks: Spring Boot, Spring MVC, Hibernate, Thymeleaf, Spring Security, Spring JPA, React
- Cloud and AI Technologies: AWS Cloud, Prompt Engineering
- Database Management: MySQL (Basic)
- Software Tools: IntelliJ IDEA, Eclipse, Visual Studio Code, Git, Docker
- Methodologies: Agile

Projects

Job Portal Web Application (Jan 2025 - Feb 2025)
- Built using Spring Boot 3, Spring 6, Spring MVC, Spring Security, Thymeleaf, JPA and MySQL.
- Designed UI/UX using Thymeleaf and implemented backend using Spring MVC.
- Enables recruiters to post jobs and seekers to apply.

E-Library Management System (Jan 2024 - Mar 2024)
- Developed a system using Java and MySQL to manage library operations.
- Led the end-to-end development of the system, from designing the architecture to implementing and testing features.

E-Commerce Website
- Implemented an AI chatbot using the ChatGPT API to provide intelligent, context-aware customer support and enhance user engagement on the platform.
- Expanded the project scope into a final-year major project, showcasing advanced features and end-to-end functionality in an e-commerce platform.
- Enhanced user experience by integrating an AI chatbot that provides real-time assistance, helping users navigate products and answer queries.

Certifications

- Spring Boot 3 by Chad Darby (Udemy)
- Salesforce Certified Agentforce Specialist (Salesforce Trailhead)
- AWS Academy Graduate - Cloud Foundations, issued by AWS Training and Certification (Credly)
- Earned Salesforce Certified Agentblazer Specialist certification and completed an 8-week Salesforce Developer internship focusing on Apex and Lightning Web Components.
